CALIFORNIA LINERS ENTER PORT BEHIND THEIR SCHEDULES—YORKTOWN IS DUE NEXT SATURDAY—BAILEY GATZERT COMING—NOTES.

A despatch was received at the office of the Columbia River Bar Pilots' Association yesterday morning from Captain Glennon, of the United States gun-boat Yorktown, now at Vallejo, California, announcing his arrival off this river on Saturday next and asking for pilotage service on the bar and in the river, as his vessel is bound for Portland, to be on exhibition there during the Rose Festival.

The steamship Geo. W. Elder also entered port yesterday behind her time-card and docked at the Callender pier at 1:30 o'clock p. m., with good business in all departments. Captain Jensen reports that he bucked into head winds and heavy seas all the way from Port Los Angeles. She tarried here but a short while, going on to Portland at 2 o'clock.

The steamship State of California, 12 hours behind her schedule, owing to heavy head-winds all the way up from the Bay City, crossed in yesterday morning at an early hour and docked at the O. R. & N. piers at 7 o'clock. She had 193 people on board, and went on up the river shortly afterward.

The Minnie Kelton will not be allowed to rest. Captain Genereaux intends to get her off the sands and in shape for towage to Portland before he lets up on the proposition; and this he will do before she sinks much deeper by the stern.

S. Elmore & Company made the announcement yesterday that the motor schooners Evie and Gerald C. will be laid up for the time-being, owing to a dearth of business for both boats.

It has been determined by the Regulator Line people to put the steamer Bailey Gatzert on the Portland-Astoria run, with tri-weekly service; but just when she will appear is not yet announced.

The steamer Eureka crossed in at an early hour yesterday morning, and went on to the metropolis immediately.

The towing steamer Diamond O. arrived down the river yesterday with a barge load of oil for the Standard people.

The oil tank steamship Col. Drake went out over the bar, south bound, yesterday afternoon at 2 o'clock.

The dainty little Heather made a

run to Destruction Island yesterday, returning in the evening.

The four masted schooner Mindoro went to sea and San Pedro yesterday morning at 9 o'clock.

LEFT TO YALE UNIVERSITY.

Archibald Henry Blount Proven Sane at Time of Writing Will.

LONDON, May 26.—The will of Archibald Henry Blount, who died a year ago and which leaves the residue of the testator's estate to Yale University, was today admitted to probate after it had been "solemnly proven."

This unusual course was taken as the relatives of Mr. Blount who are not mentioned in the will or left the smallest legacy, threatened to contest on the ground that Mr. Blount was of unsound mind when he made the will.

To prevent the relatives from succeeding in breaking the will, J. E. Barrett, counsel for Yale University, called in a number of witnesses, including a doctor who is one of the witnesses of the will to prove that Mr. Blount was of perfectly sound mind at the time he signed the instrument and that he remained so until his death. The value of residue to which Yale is entitled is about \$450,000.

Whooping Cough.

"In February our daughter had the whooping cough. Mr. Lane of Hartland recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. We found it as he said, and can recommend it to anyone having children troubled with whooping cough," says Mrs. A. Goss, of Durand, Mich. For sale by Frank Hart and Leading Druggists.

DEATH FROM SHOT.

Porter of Denver Hotel Met Death From Bullet Shot.

DENVER, May 26.—That James J. Rosengren, porter of the Columbia Hotel, who was found dead in a room of the hotel occupied by Howard Lemonds of Frederick, Oklahoma, came to his death from a revolver bullet shot from a gun in the hands of Lemonds and that the shooting was felonious was the verdict reached yesterday by the coroner's jury.

Lemonds himself refused to attend the inquest and even denies that he ever met Rosengren in his life. Lemonds is being held at the county jail.

BY AUTOMOBILE.

NEW YORK, May 26.—It is announced at Republican headquarters in Brooklyn that Timothy Woodruff, will not accompany the local delegation to the national convention on its special train as had been expected but will make the trip to Chicago in an automobile, with a few friends. The Brooklyn delegation numbering about 100 will start on June 12 from Jersey City in a special train over the Pennsylvania Railroad. Some Queens County republicans will accompany it.

IS RAPIDLY RISING

Trinity River Rising at Rate of Six Inches An Hour

TEN DEAD AT FORT WORTH

Railroad Situation Shows But Little Improvement, Much Suffering and Property Loss—City's Water Supply Serious Question.

FORT WORTH, Tex., May 26.—With the waters of the Trinity river still near the summit of the banks another great volume of water began pouring from the west fork of that stream toward this city late last night. Early to-day the river is rising at a rate of six inches an hour and with such conditions as already prevail the outcome when the crest of this second rush of waters reach this city cannot be foretold. That considerable addition property loss and suffering will result is considered certain.

From Sunday night until noon yesterday the river receding but slowly. During the afternoon the water was at a stand still. Last night, the second rise, the crest of which should reach Fort Worth late to-day, began.

The number of dead here stands at ten. Two of the bodies of those drowned Saturday night were recovered yesterday. One of those was that of a man named Welch, an employe of a saloon and the other was of a farmer named People. The railroad situation shows but little improvement. The Rock Island is making no effort to run trains in any direction. The joint track of the Texas and Pacific, Missouri Kansas and Texas and Colorado Belt will not be opened for traffic before Thursday at the least and Cotton Belt will not be opened for traffic before Thursday at least. The Missouri, Kansas and Texas is making no effort to run trains north and the Frisco is stopping all south bound trains at Carrollton and turning them back.

The Fort Worth and Denver hopes to put a train through to-day but its success is uncertain.

Communication was attempted yesterday with Dallas over the Houston and Texas Central by way of Emis but the trains could not proceed further than the last named point. Only the International and Great Northern and the Houston and Texas Central had their tracks open yesterday. A conservative estimate places the loss of the railroads at \$1,000,000.

A serious situation has developed here in regard to the city water supply. The mains are filled with black muddy water unfit for drinking even after being boiled. The city authorities declare it may be a week before they can restore the normal water supply. Meanwhile those who can afford it are buying water from private artesian wells and those who cannot are drinking the water that comes out of the mains thirteen men, women and children were caught in the overflow in the Denton river.

The condition became so precarious that they were forced to hold the children upon their shoulders to keep them from drowning. They stood in water almost to their necks for ten hours until rescued. Thirteen employed engaged in repairing a bridge at Grapevine were hummed by the rising of water on Monday. They sought refuge on top of a big water tank and at last accounts were still on the tanks surrounded by four miles of water. An attempt will be made to rescue them.

DEMOCRATS VICTORY.

GLOBE, Ariz., May 26.—In the first city election, held here yesterday, the democrats won a complete victory. Al Kinney for mayor, leads his socialist opponent two to one. The Socialists cast more votes for the head of the ticket than were polled by the republicans.

Statement to Voters.

The office of County Coroner is not a political but a judiciary office as much so as the Circuit Judge or Justice of the Peace. In aspiring to that office I would just as soon ask a Republican, as a Democrat, Socialist or nonpartisan for his support, as the office should be and during my incumbency always has been conducted without regard to politics.

I have resided in Clatsop County for 34 years, my whole interests are here, and I expect to remain here.

I have tried to conduct the office with impartiality and fairness and with a due regard to the interest of the taxpayers. The annual appropriations of the County Court for the Coroner's office which includes, physicians, jurors and witness fees and other necessary expenses such as boat hire have been \$600.00 and the actual expense has often been much below this figure. I have always deemed it an honor to be Coroner and am willing to submit the matter of my re-election to the voters on my record during my long tenure in the office. W. C. A. POHL.

The Most Common Cause of Suffering

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Frank Hart and Leading Druggists.
